NEC Record Students

Official Circulation only

DATED: May 1, 2005

This is to inform all previous New Earth College graduate candidates and those candidates who hold or shall appear for The Examining Board of Natural Medicine Practitioners accreditation certifications on or before April 06, 2005.

As per recent impositions and changes brought on by the passing of our great professor, Sir Anton Jayasuriya, the Constitution of The Open International University, Sri Lanka, section Z, page 3, outlines that "All ... affiliations will terminate or lapse on the departure of the Dean of Clinical Studies/Chancellor/Chairman ...".

The New Earth College therefore has had to relinquish its affiliation certificate from OIU Sri-Lanka and had to discontinue its degree granting rights and privileges, under this authority, for the prior Degree courses. The New Earth College however, shall retain its rights to go about unhindered in its other health science post-graduate courses.

The graduates of Acupuncture, Osteopathy, Diplomat of Natural Medicine, Homeopathy, as well as all Manual Training Programs prior to this notice period of the year 2005, are however eligible to all the rights and privileges of their certification by The Open International University for Complementary Medicines – USA and therefore granted rights to practice, provided they have proper registration with their governing bodies and other registering authorities.

One may report to the registrar's office for any clarifications regarding this matter. Anyone desirous of verifying your past records for the sake of employment or insurance provider information may readily contact the registrar by email.
