

PROFESSOR DR. JUNE A. KELLY

BAMS, NMD, DO, D.Ac.

Doctor of Osteopathy, Natural Medicine and Acupuncture.

Dr. June Ann Kelly was born in the Caribbean Island of Trinidad and received her medical education (MBBS) at the Calcutta Bio-Chemic Medical College. June Ann immigrated to Canada, where she graduated from The Commonwealth University of Health Sciences and Institute of Traditional Chinese Medicine and Acupuncture.

Dr. Kelly is a member of many National and International health organizations. She holds medical degrees in Acupuncture, Osteopathy and Alternative Medicine from the OIUCM Sri-Lanka as well as a Doctor of Philosophy in Naturopathic Medicine (AMRI), an F.F. Homeopath and is a Rehabilitation Medicine Specialist in practice at www.InstituteForNaturalHealingSciences.ca.

In 1998, she co-founded the Examining Board of Natural Medicine Practitioners (EBNMP); a federally approved organization that is setting the standard for Recognition, Registration & Accreditation of Natural Medicine Doctors and practice in Canada.

Currently, she is President of the E.B.N.M.P. Canada www.ebnmp.com, International Vice Chancellor of OIUCM USA (www.oicumglobal.com), Chairperson of www.NewEarthCollege.org a private postgraduate teaching institution for natural medicine sciences; as well as a visiting professor of The Sichuan Provincial Academy of TCM - Institute of Acupuncture (China). Dr. Kelly helped to develop the Myomeridian Methodology of Trigenics®, and is an advisor and professor to CAISH (www.caish.ca) on the educational standards of Ayurveda and Neurotherapy.

A strong proponent of a wholistic approach to health and healing, June Ann brings this philosophy into her daily practice.
